

ICD Durgapur starts Direct Export Service to Bangladesh for small and medium-scale exporters

Exim News Service
KOLKATA, July 22
ICD Durgapur, operated by Allied ICD Services Limited has started direct export services to Bangladesh with immediate effect. Ex-

porters from all over India now have the choice to book cargo up to ICD Durgapur and enjoy direct export service to Bangladesh, instead of bringing their cargo all the way to Kolkata. The cargo exported to Bangladesh via Kolkata incurs detention charges for 7-14 days at Benapole

(Bangladesh). However, the export service can be availed directly from ICD Durgapur without any detention charges. This direct and hassle-free service is provided at competitive rates.

The scope of work will include unloading facilities and

customs clearance at ICD Durgapur with direct export to Benapole (Bangladesh) by road at an all-inclusive rate. ICD Durgapur, the only operational dry port in West Bengal was inaugurated in 2006 and has a handling capacity of

5000 containers at a time. The port caters to entire logistics services like warehousing, in-house customs clearance, etc.

Mr. Sourish Samaddar, Manager (Logistics) at Allied ICD Services has said that the above services can be availed by Exporters all over India.
